Re: Invalid match tickets — Liverpool vs. Arsenal, 9 March 2026

Dear Mr. Petersen,

Thank you for contacting Liverpool Football Club regarding the invalid tickets you presented at Anfield on Saturday 9 March 2026.

I can confirm that ticket IDs AR-2266-014 through AR-2266-019, presented at turnstile 22, were NOT issued through our official distribution channels. These tickets appear to originate from a secondary market source not authorised by Liverpool FC.

Premier League regulations and our own ticketing terms prohibit the resale of match tickets through unauthorised third parties. We have no commercial agreement with "SportsTours International" or any subsidiary thereof.

We recommend that you pursue compensation directly from the company who sold you the tickets. We are unable to offer refund or alternative attendance.

Best regards,

Sarah Mitchell · Customer Services · Liverpool Football Club

Klagers kommentar: Denne mail dokumenterer entydigt, at SportsTours International har solgt os billetter til en kamp, de ikke havde lovlig adgang til at videredistribuere. Det er efter vores opfattelse ikke en "fejl hos Liverpool FCs scanningssystem", som SportsTours hævder.
